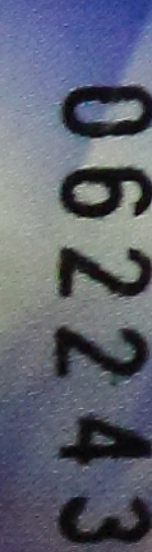
Izdano: 4000 kartic



Nominal value: EUR 3
Composition: cupronickel centre, nickel brass ring
Weight: 15 grams
Diameter: 32 millimetres
Issued: 4,000 coin cards

Slovenija je samostojna in neodvisna država od 25. junija 1991. Z Zakonom o denarni enoti je Slovenija 8. oktobra 1991 dobila svoj denar – tolar, od leta 2007 pa je plačilno sredstvo evro. Slovenija je članica OZN, zveze NATO, Evropske unije in OECD ter podpisnica Schengenskega sporazuma.

Slovenia has been a sovereign and independent country since 25 June 1991. Slovenia introduced its own currency, the tolar, on 8 October 1991 with the Monetary Unit of the Republic of Slovenia Act. Since 2007 the euro has been Slovenia's legal tender. Slovenia is a member of the United Nations, NATO, the European Union and OECD, and is a signatory of the Schengen Agreement.
